KIRKSVILLE

Mr. Chas. Brandenburg, salesman for the J. F. Saller & Co., Steel Yards, at Cincinnati, spent the past week with his father, Mr. Jack Brandenburg.

Miss Nancy Long and mother, of Lancaster, have returned home after a pleasant stay with Mrs. Rufus Blakeman.

The burial of Mrs. Mary Ann Lear, of which death had a short notice last week, occurred Wednesday afternoon at 3 o'clock at the Coy graveyard. Mrs. Lear, who was one of the oldest residents of the Kirksville neighborhood, was born March 8, 1833, and was married to Clayborn Lear March 8, 1849. Of her family there are 139 direct descendants; 21 children, 58 grandchildren, and 69 great-grandchildren, of the 139 descendants, 117 are living and about 60 were present at the burial. Mrs. Lear was a member of the Christian church and a good and estimable woman, who has gone to her reward.

DON'T OVERLOOK THIS

A Careful Person Will Prove Its Value To Every Stanford Reader

The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptical. Now-a-days the public ask for better evidence than the testimony of strangers. Here is proof which should convince every Stanford reader.

John Wren, of Main Street, Stanford, Ky., says: "I've had on for several years I had severe attacks of lame back. Often I did work that required stooping and at such times the backache became much worse. There was also a too frequent desire to pass the kidney secretions both day and night. Doan's Kidney Pills relieved me and have never failed to benefit me since when I have taken them."

Mr. John Wren is one of the many Stanford people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you don't simply ask for a kidney remedy—ask distinctively for Doan's Kidney Pills, the same that Mr. Wren had—the remedy backed by home testimony. 50c all stores. The Sunday school recently organized at Oak Grove church is progressing nicely.

Rev. Lancaster, and family of Terre Haute, Ind., are moving to this country.

They came to this place in a wagon.

Estes & Co. recently organized, are doing a fine business in this vicinity.

Mr. Dave Chamberlain is planning for a large crop this year.

A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity.

This is a mistaken idea, because Scott's emulsion fat is removed from the body before making the oil. It is blood-forming properties still active, to throw off sickness by building health from its very source, and health is formed only by its continued use, avoid alcohol substitutes for SCOTT'S.

The ideal car for a progressive business man; it brings the farm close to town. The car that is worth all you pay for it as a business proposition, with the luxury and pleasure thrown in. The car that gives its owner no regrets for the amount of money he paid for it. The car that is sold in larger numbers than any car in the world. There is a reason for it. Be wise and profit by others' experience. When you want a car, buy a Ford.

Lexington Carpenters on Strike

About 150 carpenters connected with the union, went out on strike at Lexington Monday, following the demands of contractors to grant the demands of the union for a minimum day of thirty-five cents an hour, instead of the ten-hour day, a sliding scale of seven cents and a half cents an hour up to 35c, no considerable building work in this city. The contractors expressed a willingness to renew the old agreement. Both sides express their determination to stand pat.

P. Bleucher 46158, record, trial, mile 2:14 3-4, half in 1:06, last quarter in 32 seconds, is a handsome seal brown horse, and will weigh 1100 pounds. He greatly resembles his good sire Silent Brook and is out of Clayo by the great Futility sire Moko. A grand combination of two of the best race horse families of the present day. He being a real race horse himself, having had very little training and most of that by an amateur. It certainly looks like this horse is of grand Circuit caliber, and if given half a chance he will win his share of the money sure.

BLEUCHER is a perfect type of road horse, good gaited with perfect manners, wears no boots or weights. He has an undefeated record in the Stallion Road Class for 1913, and is conceded to be the best road horse out this year.

This is a good opportunity for Garrard and adjoining counties to breed into the best families of the trotting blood. Look this horse's breeding over and see how many they have in the list both sires and dams.

This great trotting stallion will make the season of 1914 at my stable in Lancaster, Kentucky.

Money in Hemp in Kentucky

"With hemp seed at \$5 a bushel, and a yield of anywhere from ten to twelve bushels to the acre," says Prof. H. G. Garman, of State University, "there certainly ought to be money in the crop."

Prof. Garman, who has charge of the Department of Entomology and Botany of the Experiment Station, went on to say that "when some one crop becomes the fashion in a farming community, every farmer feels a sort of impulse coming from this condition of things and is more or less disposed to follow the crowd. The more unstable he is, the more quickly he is influenced by the general trend of farming going on about him, the more disposed to turn his attention to what seems to be a certain and easy way to make money."

Growing tobacco has of late become the fashion in Kentucky—too much the fashion. It is having not good effect on our soils, already deficient in vegetable matter, and in some places lacking other desirable ingredients. The man who has the nerve to withstand the general tendency, turn his back on tobacco and grow crops not grown by everybody about him, ought to be able to make good money in the next ten years than he can from tobacco, and by doing so will certainly take less from his land and find it in better condition in the end.

"Kentucky has been the great hemp-growing State of the Union. She still produces a good deal of the hemp seed sold in the United States, but is not supplying the demand by many thousands of bushels. She could profitably plant several times the acreage she will put in hemp this spring."

"The fact that the demand for seed is insistent and comes from various States and from outside the country, shows that there is still money in the fiber crop for some one. There is certainly money in the seed at \$5 per bushel, and an importer who has recently brought four thousand bushels of seed from Germany will make a snug sum which should have gone into the pockets of Kentucky growers."

The Greatest Kidney Remedy on Earth, Says a Grateful Woman

I want to tell you how much good your Swamp-Root did me. About ten years ago, I suffered from what the doctors called fistula and for two years of that time, I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctors medicines without receiving any help. Someone told me about Dr. Kilmer's Swamp-Root.

After giving it a thorough trial, I received relief, so keep on using it and today I am a strong and well woman. It is ever feel badly or out of sorts. I take Swamp Root and it always straightens me out. I honestly believe that this medicine would cure all ills you recommend it for and it is a pleasure for me to send my testimony and photograph to you. I think Dr. Kilmer's Swamp-Root is one of the greatest medicines on earth.

Respectfully yours,

MRS. INO BAILY, Hartland, Ind.

HEARD ABOUT TOWN

Gov. Beckham speaks in Stanford, May 9th, at 1 o'clock. Don't fail to hear him.

W. W. Hays went to Lexington this morning after a new Overland car for M. S. Haughman.

Dave Anderson, of Preachersville, purchased this week of M. S. Haughman an Overland automobile. Mr. Haughman is the agent for this popular car in this district.

An election will be held for school trustee in Stanford Saturday for a three year term. Both men and women are entitled to vote which is done via voice. The election is for a successor to J. L. Penny, whose term has expired.

J. W. Bastin, of Nelson county was here and at Pittsburg on business last week. He tells us of Mrs. Bastin breaking one bone in her right forearm, while cranking their automobile in Lexington, the Sunday before—Loudon Sentinel.

Hilbert Carpenter has taken the legal agency for the famous Maxwell automobile and makes his announcement to local car buyers in a large ad in this issue. Mr. Carpenter knows the value of printer's ink and with the class of car he is handling, is going to make the other agents hereabouts sit up and take notice.

Clarence Engazzi, the popular Streetman biscuit salesman was here selling his goods to trade this week. Clarence, who is a lively wire in every way, and always in the doldrums of the day, says that he hears little talk of the Seaford race in his rounds as everybody seems to think Beckham has it won hands down.

Reports come from Rowland that N. W. Bowles, the well known coal man, saw the famous helium balloon pass over his little city a few days ago. It is said to have sailed over Rowland, coming from the south, and after making almost a complete circle, sped off to the north. The authorities said that the appearance of the helium balloon is a certain portent of good crops. So mote it be.

Dr. T. W. Pennington, who has been suffering with a nervous disorder for several weeks which has caused swelling in his hands and feet, will leave next week for St. Augustine, Fla., for a complete rest for a week or ten days. His many friends hope to see him completely restored to health in less time than that. While he is away Mrs. Pennington and the baby will be with her sister, Mrs. Goodman Keeney in Danville.

Miss Margaret Overstreet, of Parksville, has returned home after a visit to her sister, Mrs. Ed. Davis.

Mrs. J. M. Holloway, and little daughter, Frances, of Chattanooga, Tenn., is the guest of her sister, Mrs. John Bright Jr.

SMOTHERING SPELLS

Sour Stomach, Heart Burn

In October, 1910, we received a letter from Mrs. Hall, from which we make the following extracts:

"About twelve years ago my health began to fail. I couldn't eat anything without suffering for it. I had heart burn, sour stomach, palpitation of the heart, another spell pains in my sides and back. In fact, I suffered all over, and a cough almost like consumption. Doctors failed to relieve me; they didn't seem to know what ailed me. I continued to grow worse until I was able to sit up only a part of the time. I had almost lost all hope of ever being any better.

"But one day some one threw some books in at my door. I read them and found them to be Peruna books.

"They described my feeling so truly I sent at once and got a bottle and began taking it. You pronounced my ailment systemic catarrh, and gave me some advice.

"When I had taken two and one-half bottles I began to eat without suffering. I continued to improve.

"When I had taken eight I was like a new person. That was nine years ago."

"I think Peruna the greatest family remedy there is, for so many ailments are due to catarrhal trouble. I would advise any one afflicted with catarrh to take Peruna and I am sure it will leave."

In the Review, "Life of Life", we have many similar testimonials which should interest sick people everywhere. Sent free by the Peruna Co., Columbus, Ohio.

People who object to liquid medicine can now obtain Peruna Tablets.
